

CHASE ATLANTIC

BIO

Representing the missing link between woozy trap, nocturnal R&B, and psychedelically-spun alternative, Chase Atlantic blur boundaries of modern, Gen Z-inspired pop music by being fearlessly experimental. The band has amassed over 3.7 billion Spotify streams, and has received acclaim from Billboard, OnesToWatch, mxdown, PopCrush, Alternative Press, Substream Magazine, and Rock Sound, of which they graced the cover. The Australia-born and Los Angeles-based trio—Mitchel Cave, Clinton Cave, and Christian Anthony—boldly push forward on their prolific creative journey while signed to Fearless Records. Most recently, their single “OHMAMI” hit an impressive 96 million streams in only 6 months. Along the way, they canvassed multiple continents, headlined across the US, UK, and Europe, and sold-out venues such as Webster Hall in New York, 3x sold out Hammersmith Apollos in the UK (15,000 people), and The YouTube Space in Los Angeles. The band currently have arenas on hold for 2024 in addition to gracing the stages of Bonnaroo, Lollapalooza, and main stage Reading & Leeds in 2023. They return with their new single “MAMACITA” and continue to author their own genre!
