

CAPSTAN

BIO

To make a mosaic, tiny pieces interlock as a larger picture. In similar fashion, distinct elements coalesce as one in Capstan. The Florida quintet—Anthony Demario [vocals], Joe Mabry [guitar], Harrison Borman [guitar], Andrew “Boz” Bozymowski [bass, vocals], and Scott Fisher [drums]—merge metallic precision with pit-splitting hardcore grooves and the kind of hooks you can’t shake. Since 2015, Capstan have progressed with each subsequent move. Following *Seasonal Depression* [2015] and *In The Wake of Our Discord* [2018], they made waves with their full-length debut, *Restless Heart, Keep Running*, in 2019. Among many standouts, “Stars Before The Sun” racked up over 5.1 million Spotify streams followed by “We’ll Always Have Paris” with 2.5 million Spotify streams. 2021 saw them level up again with *Separate*. Right out of the gate, *KERRANG!* rated it “4-out-of-5 stars” and proclaimed, “This is Capstan at full strength and it’s a second outing to be proud of.” They toured with the likes of Trash Boat, Doll Skin, Silverstein, and many more. After amassing tens of millions of streams and earning acclaim from the likes of *KERRANG!* and many more, the group paint a definitive body of work on their new album, *The Mosaic*.
