

THE PLOT IN YOU

BIO

Through balancing even the most extreme dynamics, The Plot In You consistently overturn and upend expectations. This uncanny element of surprise has entrenched the gold-selling Ohio quartet—Landon Tewers [vocals], Josh Childress [guitar], Ethan Yoder [bass], and Michael Cooper [drums]—on the cutting edge of rock music. Following a series of fan-favorite releases, the band made major waves with DISPOSE [2018]. “FEEL NOTHING” surged on social media as a viral phenomenon, generating hundreds of millions of streams and picking up a gold certification in the U.S., Canada, and Australia.

During 2023, the band kickstarted another era with Vol. 1. “Divide” having generated 16 million Spotify streams and counting followed by “Left Behind”, exploding to the tune of 31 million Spotify streams with no signs of slowing down. Upon the arrival of “Forgotten”, Revolver praised it among the “6 Best New Songs Right Now.” The Plot In You’s Vol. 2 EP is a powerful showcase of the band’s evolution, blending raw emotion with polished musicality and stands as a testament to The Plot In You’s growth and artistic maturity.

The Plot In You is set to captivate fans once again with their latest offering, “Been Here Before”. Delving into the emotional turbulence of relationships, the band weaves a narrative of enduring the highs and lows with their signature intensity and profound storytelling. This impactful track is bound to resonate deeply with listeners, highlighting the band’s unparalleled talent for exploring complex emotions through powerful music.
